Update from 2/3/16 Meeting

- Lisa received about 10 replies from foster parents and no one felt that there are too many meetings. The survey/questions that the foster parents were asked were:
 - *What do you want to know as a result of the meeting?*
 - *What do you feel you should share in each meeting?*
 - *What is your role? What would you like it to be?*
- Lisa met with LaToya Howard and case review will start sending out SAR notifications 3 weeks in advance instead of two weeks in advance. Discussion still needs to be had with LaToya around adding an additional meeting slot. Case review is open to this idea if it's a really good reason for the change.
- Lisa met with Kathleen Sullivan about changes to SAR's. Kathleen is going to start requiring that agency Resource Managers attend SAR's.
- Both Kathleen Sullivan and LaToya Howard like the idea of a 45-Day meeting, but Cindy wants to add another meeting. Discussion will still need to be had around prioritizing agency meetings.
- Lara Parks will have training at one of the cluster meetings about the foster parent's role at TDM's.
